

# KALINGA PACKERS PVT. LTD.

## COMPANY PROFILE:

Kalinga Packers Pvt. Ltd. is corrugated boxes manufacturing firm. Its managing director and the main promoter Mr. Abani Kumar Kanungo, the man with broad vision and a pleasing personality took the initiative of the industry. He believes 'sky is the limit' and with that vision he promoted the company in 1982 and the growing demand of his product rightly proved that packaging is an endurable weapon of the consumers. With that vision and vigor now the company is garlanded with success and one of the leading industries in Odisha and at the same time recognized in the national level.

Products of our company enjoy excellent reputation for its quality, performance and service. So far as Kalinga packers marketing of the finished product are concerned the prospects are also bright and may be very optimistic about it. As regard finance by **ORISSA STATE FINANCE CORPORATION (OSFC)** and land finance by **INDUSTRIAL DEVELOPMENT CORPORATION (IDCO)** to set up Kalinga Packers industry and run it. In one line it can be said that the company is quite viable in Odisha. Highlighting the cream customer of KPPL is the government of Odisha and private sectors of inside and outside the states. KPPL unit has been registered with Ministry of Defense Government of India, New Delhi for supply of cardboard boxes to the units under their control. Within 33 years of time it had won the confidence and repute in both Govt. and private sector organizations.

**Our major clientele contains of:**

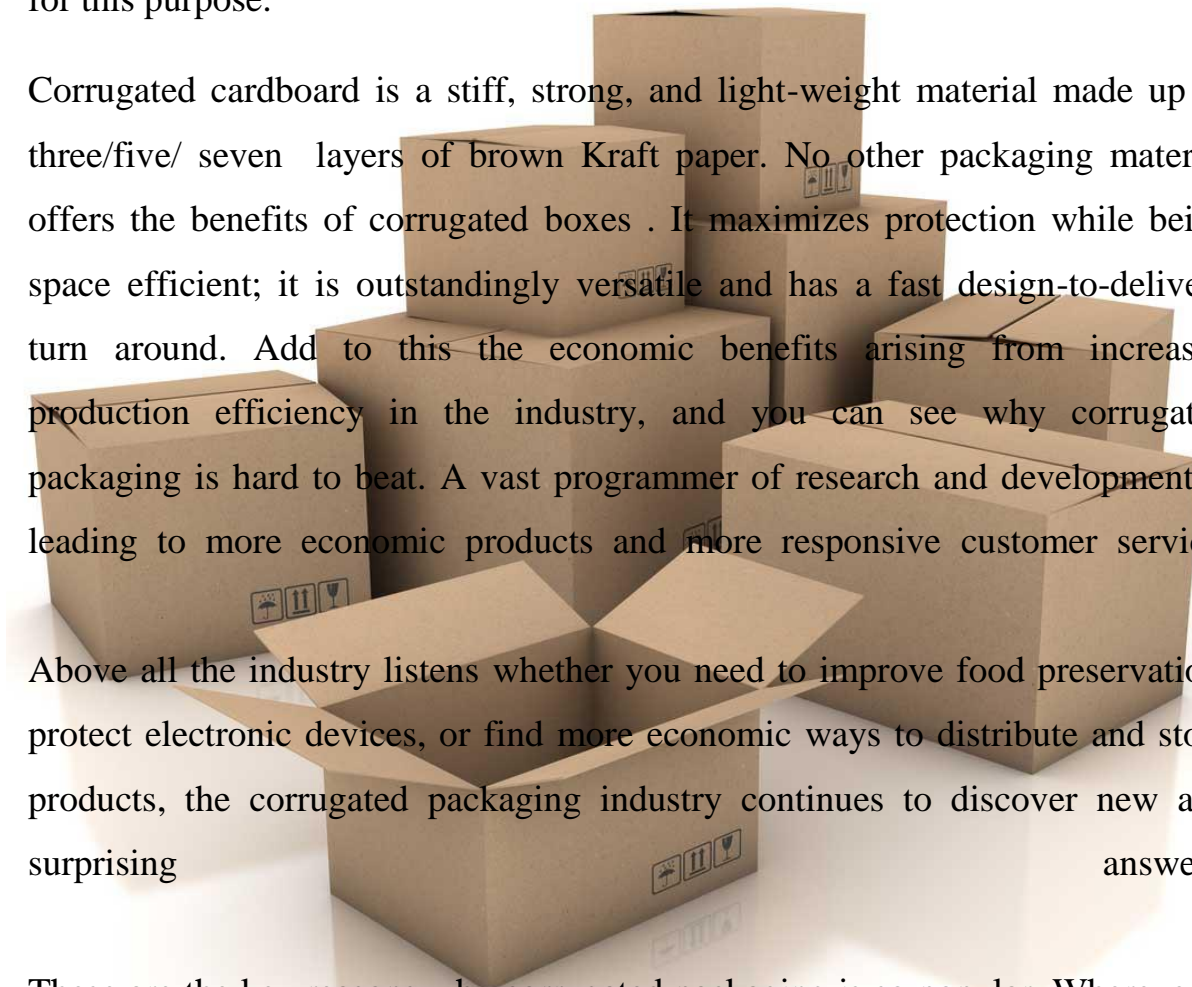

Most items at your favorite supermarket, discount store, or shopping mall were safely delivered in boxes made of corrugated cardboard, and many are displayed in the same boxes, which were manufactured so they could be opened and used for this purpose.

Corrugated cardboard is a stiff, strong, and light-weight material made up of three/five/ seven layers of brown Kraft paper. No other packaging material offers the benefits of corrugated boxes . It maximizes protection while being space efficient; it is outstandingly versatile and has a fast design-to-delivery turn around. Add to this the economic benefits arising from increased production efficiency in the industry, and you can see why corrugated packaging is hard to beat. A vast programmer of research and development is leading to more economic products and more responsive customer service.

Above all the industry listens whether you need to improve food preservation, protect electronic devices, or find more economic ways to distribute and store products, the corrugated packaging industry continues to discover new and surprising answers.

These are the key reasons why corrugated packaging is so popular. Wherever it can be used, it usually is more than two thirds of the world's retailed commodities are packed and transported in it - more than all other types of packaging put together.
